Report – Code Enforcement

- Absent - Report given by Clerk-Treasurer - 1 - complaint, 2 - Scheduled Fire Inspections
- Note from Code Enforcement Hartman: "If you are unaware, I have failed that fire inspection for 9 S Main for the apartment in the basement that has does not have proper egress, ventilation, and natural light required for proper occupancy. In my opinion this is a very bad situation waiting to happen. I have had conversations with our Attorney Kathy and I am still waiting on a reply from NYS for a nonconforming pre-existing use of the apartment. I have come up with a solution for the problem. I believe windows could be installed below the existing windows for proper egress to the public right of way. I don't know how this will affect the Village. If you have suggestions and /or opinions, please contact me! I believe that this apartment should disappear before someone gets hurt. In the mean time, I will wait for NYS's opinion. I will be in the office on Good Friday 8:00 to noon."

Attorney Bogan noted she 's sent several hours on the phone with NYS Code and that this apartment has been in existence since 1994. She also added that the building is currently owned by an Attorney who has made it clear he intends to sue the Village for interference with a contract. Attorney Bogan will contact Code Enforcement Hartman.

- Orleans County Resolutions -

CALLING ON GOVERNOR CUOMO AND STATE LAWMAKERS TO INVEST AND IMPLEMENT FUNDING FOR A STATEWIDE WORKFORCE STRATEGY THAT ASSISTS LOCALLY-DRIVEN WORKFORCE DEVELOPMENT PROGRAMS

WHEREAS, New York's workforce system engages nearly a dozen agencies that receive funding from the federal and state level; and

WHEREAS, it operates in ten economic development regions, 33 designated workforce investment areas, and 62 counties; and

WHEREAS, New York State has added over 500,000 private sector jobs since 2011; and

WHEREAS, while the growth in private sector jobs is positive many jobs remain unfilled because support and funding for workforce development programs has not followed suit; and

WHEREAS, with the development of these private sector jobs, the jobseekers who do not have strong education, training or professional networks are not able take advantage of these new opportunities; and

WHEREAS, The New York Association of Training and Employment Professionals (NYATEP) performed a study that analyzed spending on a broad range of workforce services including adult education, job training, and employment programs and discovered that spending has fallen by five percent since 2011; and

WHEREAS, developing a statewide workforce strategy that effectively serves employers and jobseekers must be able to:

- Connect workforce investments to the initiatives and priorities of statewide, regional, and local economic development needs,
- Focus policy and emphasis on a full pipeline of workers through community colleges, adult basic education and worker training,
- Aggressively pursue a wide array of funding sources including targeted state resources and funding that could be provided through the Regional Economic Development Councils (REDCs); now, therefore, be it

**Regular meeting of the Trustees, Village of Lyndonville was held on Monday, April 3, 2017 at the Village Hall.
Meeting opened at 6:00 p.m.**

RESOLVED, The Orleans County Legislature calls on Governor Cuomo and State lawmakers to make a strong commitment to helping New York's workers and businesses add the skills they need with a fully defined strategy and robust financial support; and be it

FURTHER RESOLVED, that certified copies of this resolution be sent by the Clerk of the Legislature to Governor Andrew Cuomo, Senate Majority Leader John Flanagan, Assembly Speaker Carl Heastie, Assembly Minority Leader Brian Kolb, Senator Robert Ort and Assemblymen Stephen Hawley and Michael Norris, and the New York State Association of Counties.

RESOLUTION NO 2017-49

SUPPORTING CALLING ON GOVERNOR CUOMO AND STATE LAWMAKERS TO INVEST AND IMPLEMENT FUNDING FOR A STATEWIDE WORKFORCE STRATEGY THAT ASSISTS LOCALLY-DRIVEN WORKFORCE DEVELOPMENT PROGRAMS

ON MOTION of Trustee Cousins seconded by Trustee Kage to support calling on Governor Cuomo and State lawmakers to invest and implement funding for a statewide workforce strategy that assists locally-driven workforce development programs.

CALLING ON THE STATE OF NEW YORK TO FULLY REIMBURSE MUNICIPAL SELF INSURED WORKERS' COMPENSATION PLANS

WHEREAS, the New York State Association of Self-Insured Counties (NYSASIC) has become aware of Senate Bill S01411 and Assembly Bill A00711; and

WHEREAS, NYSASIC, as the professional organization representing the majority of self insured counties and many other municipalities in the State of New York, strongly oppose this legislation; and

WHEREAS, the proposed legislation seeks to amend the Volunteer Firefighters' Benefit Law to add a new section (11-d) to read as following:

“§ 11-d – Volunteer firefighters; presumption in certain cancers.

1. Notwithstanding any other provision of this chapter to the contrary, a condition of impairment of health of a volunteer firefighter with (a) five or more years of faithful and actual service in the protection of life and property from fire in the interior of buildings caused by cancer affecting the lymphatic or hematological systems or (b) ten or more years of faithful and actual service in the protection of life and property from fire in the interior of buildings caused by cancer affecting the digestive, urinary, prostate, neurological, breast or reproductive systems or melanoma, resulting in total or partial disability or death to such volunteer firefighter, who successfully passed a physical examination on entry into firefighter service, which examination failed to reveal any evidence of such cancers, shall be presumptive evidence that it was incurred in the performance and discharge of duty, unless the contrary be proven by competent evidence. Claims for benefits pursuant to this section must be filed within twelve years of separation from actual service in protecting life and property from fire in the interior of buildings.
2. This section shall not apply to volunteer firefighters serving in a fire company or fire department where the legislative body of the city or the village, the board of fire commissioners or other governing board of the fire district, or the town board of the town in relation to (a) the fire company serving territory outside the villages and fire districts or (b) a town fire department, has adopted a local law or resolution to elect not to provide this presumption.

This act shall take effect immediately and shall expire and be deemed repealed June 30, 2021.”

WHEREAS, this legislation is problematic for several reasons: First the physical examination required for entry into a volunteer fire department is typically quite limited in scope. Such physical examinations do not include the detail or diagnostic testing typically associated with diagnosing cancer or ruling out the presence of cancer. For example, such physical examinations do not include comprehensive blood testing, PET scans, CT scans, MRI's, colonoscopies, mammograms, pap smears, prostate examinations, etc., as the physical examinations are typically quite limited and cursory in nature. Many of the cancers referenced in the proposed legislation may be present and remain undiagnosed even though an individual may still pass the physical examination associated with entry into volunteer firefighter service; and

WHEREAS, many of the conditions identified in the proposed legislation often develop with age and/or are either genetic or hereditary in nature. Thus, even if a comprehensive physical examination with diagnostic testing is performed when an individual first enters firefighter service, it would be both disingenuous and unwise to presume that in the event that such an individual eventually is diagnosed with cancer, such as prostate cancer or breast cancer many years later, that the development or cause of that cancer is in any way connected to the individual's firefighter service; and

WHEREAS, a Second reason this proposed legislation is also problematic as it does not define what is meant by “faithful and actual service in the protection of life and property from fire in the interior of buildings”; and

WHEREAS, a Third reason this proposed legislation is also problematic as the time frames used of five or ten years of faithful and actual service in the protection of life and property from fire in the interior of buildings does not define how a volunteer firefighter's time is tracked as the individual transfers from one department or company to another and which department or company is ultimately responsible for the costs associated with this presumptive coverage; and

WHEREAS, such legislation would essentially place counties in the position of insuring that in the event that a volunteer firefighter contracts lymphatic or hematological systems or cancer affecting the digestive, urinary, prostate, neurological, breast or reproductive systems or melanoma cancers that counties will need to provide indemnity, medical and, potentially death benefits, unless they can prove that the volunteer firefighter does not have five or ten years of faithful and actual service in the protection of life and property from fire in the interior of buildings. Providing such a presumption and placing the cost of rebutting such a presumption

**Regular meeting of the Trustees, Village of Lyndonville was held on Monday, April 3, 2017 at the Village Hall.
Meeting opened at 6:00 p.m.**

on county taxpayers would pose an undue financial burden and hardship. In addition, such a presumption would likely force counties and volunteer fire departments to change their procedures relating to physical examinations for volunteer firefighters in order to ensure that applicants are cancer free. Such comprehensive physical examinations would prove costly and could have a chilling effect on recruitment and the membership of volunteer fire departments; and

WHEREAS, the proposed legislation is unnecessary as the Volunteer Firefighters' Benefits Law already provides such benefits in the event that a volunteer firefighter (or his or her dependents in connection with a death claim) can prove that the cancer condition arose in the line of duty Shifting the burden of proof from the volunteer firefighter to the local municipality based upon flawed presumptions which lack sound medical foundation would be ill advised; now be it

RESOLVED, that the Orleans County Legislature urges the State of New York not to pass Senate Bill S01411 and Assembly Bill A00711 in its current language; and be it

FURTHER RESOLVED, that in the event that there is a desire that the aforementioned legislation be passed, the Orleans County Legislature urges Senate Bill S01411 and Assembly Bill A00711 to be modified so that municipal self-insured workers' compensation plans shall be reimbursed the costs of claims which are associated with Senate Bill S01411 and Assembly Bill A00711 by the State of New York. This will facilitate the continued operation and existence of the very volunteer fire departments and volunteer fire companies whose members would be assisted by the bills, since the taxing authorities which support these volunteer fire departments and volunteer fire companies will otherwise be financially stressed by the claims precipitated by these bills; and be it

FURTHER RESOLVED, that certified copies of this Resolution be forwarded to the Governor of the State of New York Andrew Cuomo, NYS Senate Majority and Minority Leaders, Senator Robert Ort, Speaker of the New York State Assembly Carl Heastie, Assemblyman Stephen Hawley, Assemblyman Michael Norris, NYSAC, NYSASIC, InterCounty of Western New York, all Orleans County Towns and Villages, Orleans County Emergency Management to distribute to all county Fire Districts and Departments; and all others deemed necessary and proper.

**RESOLUTION NO 2017-50
SUPPORTING CALLING ON THE STATE OF NEW YORK TO FULLY REIMBURSE MUNICIPAL SELF INSURED WORKERS' COMPENATION PLANS**

ON MOTION of Trustee Cousins seconded by Trustee Kage to support calling on the state of New York to fully reimburse municipal self insured workers' compensation plans.

SUPPORTING AN AMENDMENT TO THE PROPOSED FEDERAL HEALTH CARE LEGISLATION KNOWN AS THE AMERICAN HEALTH CARE ACT TO LIMIT THE LOCAL SHARE OF MEDICAID

WHEREAS, Counties across the nation contribute \$9.7Billion each year in locally raised taxes to support the direct program costs of providing Medicaid services; and

WHEREAS, Taxes raised for Medicaid services in New York State account for \$7.5 Billion or 77% of all locally raised Medicaid dollars an amount more than three times that of all the other 49 states combined; and

WHEREAS, Orleans County pays over \$8 Million each year to support the cost of the New York State Medicaid Program or approximately 48% of the county property tax levy; and

WHEREAS, Governor Cuomo continues to highlight that New York State property taxes are high, a point that this legislature agrees with 100%; and

WHEREAS, Eliminating Medicaid costs to counties, county governments will be provided desperately needed flexibility in how they utilize their property tax revenue; and

WHEREAS, Unfunded mandates such as Medicaid make up the largest portion of our county budget placing immense pressure on our ability to provide the services our residents expect and deserve at a reasonable cost. This amendment will allow us to be able to provide much needed tax relief to our constituents and provide more funds to improving our aging infrastructure; now be it

RESOLVED, that the Orleans County Legislature supports Congressman Collins proposed amendment to the American Health Care Act, known as The Medicaid Local Share Limitation proposal which would bar federal reimbursements for state Medicaid funds raised from charges to local governments.; and be it

FURTHER RESOLVED, that the Clerk of the Legislature shall forward certified copies of this adopted resolution to President Donald Trump, Senators Charles H. Schumer and Kristen Gillibrand; Congressman Chris Collins, Senator Robert Ort, Assemblymen Steve Hawley and Michael Norris, NYSAC, InterCounty of Western New York and all others deemed necessary and proper.

**RESOLUTION NO 2017-51
SUPPORTING AN AMENDMENT TO THE PROPOSED FEDERAL HEALTH CARE LEGISLATION KNOW AS THE AMERICAN HEALTH CARE ACT TO LIMIT THE LOCAL SHARE OF MEDICAID**

ON MOTION of Trustee Cousins seconded by Trustee Kage to support an amendment to the proposed federal health car legislation know as the American Health Care Act to limit the local share of medicaid
